Results-oriented full stack developer with a proven ability to design, develop, and deploy robust digital solutions. Possessing a strong foundation in UI/UX principles, I excel at creating exceptional user experiences. My rapid adaptability allows me to quickly master new technologies and deliver innovative solutions.

## EXPERIENCE

### JUNIOR SOFTWARE DEVELOPER

MAY 2024 – PRESENT

#### *RADZTECH BUSINESS SOLUTIONS*

- Developed and deployed a mobile application using React Native and Expo.
- Maintained and implemented new features in a React.js application integrated with Flask-based Python backend APIs, focusing on optimizing performance, enhancing scalability, and ensuring seamless and responsive user experiences.
- Implemented robust state management strategies utilizing Zustand and Redux.
- Enhanced application functionality through custom hook and context API development.
- Integrated multiple APIs to optimize application performance.
- Collaborated effectively on a Git-based version control system.
- Created dynamic and interactive dashboards using SQL, providing valuable data insights.

### FULL STACK DEVELOPER

AUGUST 2023 – PRESENT

#### *PROJECT BASIS*

- Proficiency in full-stack development with Laravel PHP framework with Bootstrap, Tailwind, and the MERN stack with Chakra UI to create intuitive user interfaces.
- Developed and published cross-platform mobile apps using React Native, Expo, and web views on both the App Store and Play Store, integrating seamless payment solutions with Curlec and PayMongo.
- Designed and implemented efficient database structures using MySQL.
- Integrated APIs using Express.js to enhance web application functionality.
- Built scalable and maintainable web applications using React and Redux for state management.
- Leveraged MVC architecture to ensure scalable and maintainable code.
- Managed code effectively with Git for version control and collaboration.

**NFT COMMUNITY MANAGER****NOVEMBER 2021 – SEPTEMBER 2022****PROJECT BASIS****DEFENCE OF FUTURE & ELEF WORLD**

- Moderated online communities by monitoring discussions and proactively addressing inappropriate behavior or content to maintain a safe and positive environment.
- Provided exceptional customer support by handling user inquiries, concerns, and disputes with prompt and effective solutions.
- Contributed to community growth by organizing and facilitating engaging events, contests, and educational initiatives.
- Ensured community compliance by upholding community guidelines and fostering a positive and inclusive atmosphere

**GRAPHIC DESIGNER****NOVEMBER 2021 – JUNE 2022****SERN SCHOLARSHIP**

- Developed visually compelling graphics to communicate real-time price updates and market trends for in-game coins and assets.
- Enhanced brand visibility by publishing engaging design content graphics that effectively communicated the latest prices and market trends on the official SERN Facebook page.

**INTERNSHIP EXPERIENCE****SOFTWARE DEVELOPMENT INTERN****MARCH – JUNE 2024****RADZTECH BUSINESS SOLUTIONS**

- Developed a component using ReactJS with Material UI.
- Designed the UI of a website, including a hero page, ensuring an engaging user experience.
- Collaborated with other interns on various projects, fostering a teamwork-oriented environment.
- Employed Git for version control and project management.

**AUTOCAD DRAFTER****DECEMBER 2019****AGRICOMP MACHINERIES CONSTRUCTION CORP.**

- Proficient in AutoCAD to create detailed 3D models and designs across various industries including architecture, engineering, product design, and manufacturing.
- Skilled in 2D to 3D conversion, transforming conceptual drawings into realistic 3D representations.

## EDUCATION

**ISABELA STATE UNIVERSITY – CAUAYAN CAMPUS**

**2020 - 2024**

**BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY**

Major in Web and Mobile Application Development

**Related Coursework:** iGallery: A Mobile Application for Isabela's Finest Creation with Web-Based Administration

## TECHNICAL SKILL

- HTML, CSS, JavaScript, TypeScript, PHP
- Laravel, React.js, Vue.js, React Native, Node.js, Livewire, Expo, Filament, Redux, Zustand
- Tailwind CSS, Material UI, Chakra UI, Bootstrap, Mary UI
- MongoDB, MySQL, SQL
- Git, GitHub, Notion, Trello, ClickUp
- Adobe Creative Suite (Photoshop), Figma
- Microsoft Office & Google Workspace
- FTP, AutoCAD, Basic hardware troubleshooting, repair, and maintenance, Discord and Telegram Moderation

## PERSONAL SKILLS

- Collaborates effectively with diverse teams to achieve shared goals.
- Demonstrates a passion for continuous learning and professional development.
- Takes initiative and works independently to complete tasks efficiently.
- Proficient in planning, organizing, and managing projects to meet deadlines.

## AWARDS, CERTIFICATIONS AND SEMINARS ATTENDED

- **iDeaTech** | October 2024
- **Gamified Intelligent Cyber Aptitude and Skills Training (GICAST)** | June 2023
- **Grasshopper: Learn to Code** | May 2023
- **Filipino Web Development Peers** | April 2023
- **Outstanding Performance in Technical Vocational Education** | 2020
- **Work Immersion Awardee** | 2020
- **National Certificate II (Technical Drafting)** | November 2019
- **3rd Place in Technolympics Division** | October 2019
- **Champion in LD5 area festival of talents (Technolympics)** | September 2019
